Entry requirements

The qualification is available to learners aged 14 or over.

It is recommended that learners should hold a minimum of level 1 in literacy or equivalent to undertake this qualification.

It may be possible to allocate a reasonable adjustment to a learner who has a disability, medical condition or learning need; learners should contact their training provider to discuss. Any reasonable adjustment granted must be in line with the [FAA Reasonable Adjustments Policy](#).

Qualification delivery

The qualification has 6 assigned guided learning hours (GLH) and 7 hours total qualification time (TQT). GLH indicates the number of classroom contact hours, including assessment, that the learner will undertake. TQT includes GLH but also takes into consideration any unsupervised preparation or learning and is an estimate of how long the average learner may take to complete the qualification.

The minimum classroom contact time of 6 hours can be spread over a maximum of 3 weeks. Each session must be a minimum of two hours.

The class ratio for the qualification is a maximum of 16 learners to 1 trainer/assessor.

Certification

The qualification is valid for three years from the date of achievement. It is strongly recommended that the learner attends annual refresher training.

The learner will need to complete the full course again to requalify for a further three years.

Progression

Learners who achieve this qualification could consider the FAA Award in First Aid for Mental Health or the FAA Award in Supervising/Leading First Aid for Mental Health. FAA also offer qualifications in health & safety including manual handling and fire safety, food safety, safeguarding, and first aid and related subjects if a learner wanted to diversify.
